Dear Consular Team of the Embassy of the Federal Republic of Germany,

I hope this email finds you well and once again please accept our sincere apologies for the delay in sending you back the updated price lists for our company.

As you may be aware, over the past few months, we have strengthened our identity and refined the presentation of our services to better reflect the full scope of our work alongside embassies, consulates, families, and international partners. As part of this evolution, AMAR International Repatriations will progressively transition to AMAR Assistance.

This change more accurately reflects our role as an assistance company, supporting families and institutional partners throughout the entire process, from coordination and administration to repatriation and funeral services.

Please be reassured that:

- Our team remains unchanged
- Our operations and standards continue exactly as before
- Our collaboration with your Embassy remains unchanged

This evolution primarily aims to improve clarity for families and partners while supporting our long-term development and international coordination activities.

As part of this transition, our main contact email is now: support@amar-assistance.com

Our individual email addresses (e.g. dao@..., jeff@...) remain active and will continue to be used for direct communication.

In parallel, we are currently finalising our new website (amar-assistance.com), which has been designed to better present our services and international assistance network.

We would like to sincerely thank you for your continued trust, cooperation, and support over the years. It is truly appreciated by our entire team.

Please do not hesitate to contact us should you require any further information or wish to discuss this update further.

With warm regards,

Dao Mitchell
Company Director
